www.fightflu.ca

What is H1N1 Flu?

The pandemic H1N1 flu virus is different than regular seasonal flu. In spring 2009, the H1N1 flu virus emerged in North America. This is a new strain of influenza and because humans have little to no natural immunity to this virus, it can cause serious and widespread illness.

WFS has a wide range of safety supplies to keep you prepared. Don't let stock run out, outbreaks occur quickly.

Frequent hand washing reduces your risk!

PURELL® Instant Hand Sanitizer

The #1 instant hand sanitizer. Kills 99.99% of most common germs that may cause illness. Works in as little as 15 seconds. No water or towels needed. Specially formulated with moisturizers to leave hands feeling soft and refreshed. Alcohol-based.

Part No. 218 9650-24 2 oz. flip cap bottle. **Part No. 218 9652-12** 8 oz. bottle with pump. **Part No. 218 9659-12** 12 oz. bottle with pump.

Are you prepared for an illness outbreak? Most germs are spread by hands. With one touch, germs may spread to co-workers and work surfaces. Reduce your risk! Wash hands often, or use an alcohol-based hand sanitizer. Cough and sneeze into your arm, and avoid touching your nose, mouth and eyes.

PURELL® Instant Hand Sanitizer Foam & Sanitizer Gel

Kills 99.99% of most common germs that may cause illness.
