Jumbo Roll Tissue Tandem™ Dispenser

The JRT Tandem™ Dispenser combines high capacity with unsurpassed economy. Product features enormous capacity to lessen service costs. Housing protects the paper from cleaning sprays and challenges of outdoor use. See-through cover makes it easy to know when it's time to refill. Robust construction for added durability.

- An attractive streamlined exterior that fits well with any décor
- Distribution that is facilitated with a handy exterior knob
- An easy-to-use snap-in holder that eliminates stub-roll waste

Quality products

Superior to the industry standards currently in effect, the North River® line of products was developed to show that top quality products can also be ecologically sound. With its innovative approach to environmental preservation, be it through the minimal use of water, the use of recycled fibres containing up to 100% post-consumer material, the reduction of waste being sent to landfill sites, the absence of chlorinated bleaching processes and through reduced energy consumption, the North River® product line is an undisputed leader in the pulp and paper industry.
