Smokers Cease-Fire® Cigarette Butt Receptacles

Cigarette butts are safely contained in an attractive housing specifically designed to reduce the risk of fire. Your property is protected from fire, and remains neat and clean from unsightly litter. Made of flame-retardant, sturdy polyethylene that is low maintenance and won't rust, dent or crack.

- Tie-down notches offer security and greater stability under severe weather conditions
- Large 16 quart galvanized steel liner pail removes for easy cleaning
- Easy-open and easy-close twist on lid securely interlocks to prevent spills
- Unique "drip-lip" internal construction prevents tar condensation from escaping in high humidity environments
- 16 1/2" (D) x 38 1/2" (H)
- Pewter grey colour

WFS Part No. 74B 26800
