

BIG RED High Profile Box Aluminium Level

- Accuracy in standard position. Highest accuracy for perfect measuring results
- Accuracy in inverted position. Level is highly accurate in inverted position
- Weight of profile. Profile-weight allows level to withstand rugged use
- Lifetime guarantee against leakage and fading of vial. In proper use of the level, vials will neither leak nor fade in the sun
- Shockproof acrylic block-vials. Vials will neither crack nor break when used at the jobsite
- Easy to read vials. 30 % larger vial bubbles reduce reading errors
